

KENYA NUCLEAR REGULATORY AUTHORITY

LIST OF CERTIFIED RADIATION SAFETY SERVICE PROVIDERS

The Kenya Nuclear Regulatory Authority (KNRA) is a body corporate established under section 5 of the Nuclear Regulatory Act No. 29 of 2019. Core mandate of KNRA is to regulate the safe, secure and peaceful use of atomic energy and nuclear technology; the production and use of radiation sources; the management of radioactive waste and spent fuel for socio-economic development; and, to protect persons, society and the environment against the associated hazards.
